

Product Disposal

March 4, 2013

MSA Corporate Center
1000 Cranberry Woods Drive
Cranberry Township, PA 16066
800.MSA.2222
www.MSAnet.com

Dispose or recycle all MSA products in accordance with federal, state and local regulations.

In the United States, under federal and most state regulations only the generator of a waste can determine if a waste is a regulated hazardous waste. Customers wishing to dispose of an MSA product must evaluate the product to ensure that disposal will be in compliance with federal, state and local regulations.

MSA will gladly provide information to the customer on the product content (i.e. raw materials, components, etc.). This information can assist the customer in making a proper waste determination.

Customers located in the U.S. and Canada may contact MSA Customer Service at 1-866-672-2222 or visit our website at www.msasafety.com and click on the Resources tab to find helpful links to Material Safety Data Sheets (MSDSs) and Content Information Sheets (CISs).

Sincerely,

A handwritten signature in blue ink, appearing to read "Mark L. Sebring". The signature is fluid and cursive.

Mark L. Sebring
Manager of Environmental Affairs and Special Projects
